Lip injections surprisingly take a lot of work to prep for the perfect filler! 📌

Below 📌 are some activities you should avoid in order to receive the best results with @Revanesseusa! 💋

BEFORE YOUR LIP FILLER...

ONE WEEK PRIOR
Avoid blood thinning over-the-counter medications such as aspirin, Motrin, ibuprofen, and Aleve.

2 DAYS PRIOR
Avoid topical products such as Tretinoin (Retin-A), Retinol, Retinoids, Glycolic Acid, or any "anti-aging" products. Avoid waxing, bleaching, tweezing, or using hair removal cream on the area to be treated.

24 HOURS PRIOR
Do not drink alcoholic beverages 24 hours prior.

ALCOHOL FREE

Are you tired of the endless cycle of shaving your legs? Here at Tuscaloosa MedSpa, we offer laser hair removal. A free consultation is required to determine if you are a candidate for this service.

This hair removal is a cosmetic procedure that uses a powerful laser to remove unwanted hair. The light source heats and destroys hair follicles in the skin, which disrupts hair growth.
